CIRCULAR LETTER MAS002047

From: Technical Service Operations

To: Maserati Subsidiaries, Dealers, Importers, Independent Operators

Modena, 19/12/2019

Subject: New “Maserati Diagnosi EVO 2” Diagnostic Tool

Attachments:

- Attachment A: “General conditions of software use, activation procedure and technical support”
- Attachment B: “Warranty conditions”
- Attachment C: “Request procedure to resale to independent operators”
- Attachment D: “Request and payment procedure for programming the vehicle ECUs”
- Attachment E: “MD / MDEVO / MDEVO 2 license fee payment for Independent Operators”

Dear Sirs,

Starting from today you can begin to place orders for the new tool for electronic diagnostics **“Maserati Diagnosi EVO 2” MDEVO 2 (C) with Vehicle Communication Interface 2 (MDVCI 2)**.

Only Authorized Maserati Dealers are entitled to sell the system, and **solely** in **European Union**, the **USA** and **Canada** in compliance with applicable law and regulations

MDEVO 2 kits will be sent to you through our Spare Parts Dept.; they will be identified as follows:

P/N: 900029118	MAS. DIAGNOSI EVO 2 FULL KIT (C)
P/N: 900029117	MAS. DIAGNOSI EVO 2 LIGHT KIT (C)
P/N: 900029116	MAS. DIAGNOSI EVO 2 EXTRA-LIGHT KIT (C)

In the new **MDEVO 2 FULL KIT and MDEVO 2 LIGHT KIT** will be introduced the new Maserati Diagnosi Vehicle Communication Interface 2 **“MDVCI 2”**: the new features of this kit are described in the Circular Letter MAS002048.

MDEVO 2 spare parts are the same as those used in Authorized Workshops

The procedure to resell to Independent Operators is detailed in Attachment D: “Request procedure to resale to independent operators”.

In brief, the sourcing process is as follows:

- Independent Operator asks to an Authorized Dealer to send a request for the creation of a Dealer Code for Independent Operator in MODIS
- If the request is accepted, Maserati creates the Dealer Code for Independent Operator
- Independent Operator orders materials to Authorized Dealer
- Authorized Dealer orders materials to Maserati Spare Dept.
- Maserati Spare Dept. ships and invoices materials to Authorized Dealer
- Authorized Dealer ships and invoices materials to Independent Operator

The kits composition is defined as follows:

MASERATI P/N	DESCRIPTION	EXTRA-LIGHT	LIGHT	FULL

MDEVO 2 is the upgrade of the MDEVO: it is the last generation tablet with the new Operating System **Windows 10**.

It is designed to natively support on Windows 10 the diagnosis of M156, M157 and M161 vehicles.

It is designed to support diagnosis of cars already supported by MD running a virtual machine loaded with MD software.

MD will remain fully functional on car models up to M156/M157 MY17 and M145 MY18. MD cannot be used in the M161 and next car models.

Sales Policy

MDEVO 2 kits and spare parts can be purchased in Modis, at the same conditions as for any other technical tool in the catalogue.

MDEVO 2 LIGHT KIT and MDEVO 2 EXTRA-LIGHT KIT can be bought by an Authorized Dealer ONLY after he already owns an MD FULL KIT, an MDEVO FULL KIT or an MDEVO 2 FULL KIT.

Annual costs

The annual registration fee must be paid for each MD, MDEVO or MDEVO2 which must be active during a calendar year (or part of it).

When an MDEVO 2 has just been activated by Maserati, the annual fee up to 31 December of the year of purchase is included in the price paid.

In the event of activation (following deactivation, re-sale, etc.) during the year, the fee is due in full.

In the event of deactivation during the year, no reimbursement is envisaged.

The annual registration fee represents the cost of the software license, updates, adjustments and the technical support service of the instrument.

Tool	ANNUAL FEE
First MD or MDEVO or MDEVO 2	2.900€
For each additional MD or MDEVO or MDEVO 2	450€

VAT is excluded.

The cost of the license does not depend on the type of instrument (MD, MDEVO or MDEVO 2).

MASERATI

IMPORTANT

The attachments hereto describe all the **general conditions of use of the software license, warranty and technical support service.**

Namely:

Attachment A: **General conditions of software use, activation and technical support procedures**

Attachment B: shows the **warranty conditions**

This letter and the attachments thereto represent the general conditions of use and **must be carefully read** by the user. When activating the system, following the procedures described in Attachment A, this letter will be sent once again to the e-mail address of the applicant together with the activation codes.

By entering the codes provided and so activating the system (as described in Attachment A) **you acknowledge and consequently accept the general conditions of use described in this document and all of its parts.**

License renewals and software updates

The management of MD / MDEVO / MDEVO 2 licenses is annual. Each license activated during the current year will expire on December 31st of the current year.

The independent Operator who wishes to renew the license for the new year will have to pay the cost of the license for the new year by January (as described in Annex E : "Payment of the cost of the MD / MDEVO / MDEVO 2 license for Independent Operators")) At the end of January, MASERATI will automatically deactivate all licenses for which the renewal fee has not been paid.

The software will be automatically updated as soon as updates are available, with no additional costs, by connecting the system to the Internet and running the automatic update tasks. Update CD/DVDs will be sent only under exceptional circumstances.

Maserati reserves the right to modify the amounts mentioned above subject to publication of the appropriate prices on the site and / or written notice to the address indicated by the customer.

Technical Support and handling of defective testers

The registration fee includes a technical support service with help desk in several native language: the technical staff that will respond to your requests has full knowledge of the system, so that any software problem may be corrected and defective components (in the event of hardware faults) repaired. In the latter case, you will be sent a replacement part.

The operating procedures for requesting our technical support and the warranty conditions are detailed in Attachments A and B.

We remind you that our ABMs are available for any questions or support, and we kindly ask your full cooperation in complying with the above mentioned indications.

Thank you for your attention.

Best regards.

Attachment A

General conditions of software use, activation and technical support procedures

1. General conditions of use of Maserati Diagnosi and Maserati Diagnosi EVO / EVO 2 software license and Maserati Diagnosi EVO / EVO 2 accessories:

- 1.1. MASERATI s.p.a. is the owner of the copyright and all rights relating to the software used and included in the product.
- 1.2. MASERATI s.p.a. grants the purchaser the software user license limited to the country in which the same software is sold.
- 1.3. The price of the product includes the amount paid for the license and the technical support as well as update services up to the end of the calendar year in which the product is sold.
- 1.4. The license is not exclusive and is open-ended, subject to the provisions set out in the following paragraph 1.6. The user accepts this license by entering the activation codes and so activating the system. In the event that the purchaser, after reading the circular letter MAS002047 containing this Attachment, decides not to accept these conditions, he may renounce purchasing by returning the unopened product package by and not later than 8 days from purchase: The renunciation will result in the withdrawal from the agreement with Maserati s.p.a. for the sale of and assistance to its products. With the system activation the warranty period is started and the purchaser acknowledges and accepts the warranty and technical support conditions. In the event that the purchaser avails himself of the right mentioned in the above paragraph, i.e. he returns the unopened product package, the warranty will be immediately forfeited.
- 1.5. The license is granted for the use of the Maserati Diagnosi system products only, intended for diagnostics and repair of motor vehicles according to the procedures described in the accompanying instruction manuals and forming an integral part of the product as a whole. The license may only be used within the purchasing company and may not be transferred to third parties.
In case the tool is sold from a Dealer to another, active license expires, and the buyer will need to pay for his annual fee.
- 1.6. The license grants the right, where provided for by the system, to obtain the software updates, technical upgrades and technical support service as described in the following paragraph, subject to payment of the update cost (please refer to the MASERATI price lists in force).
- 1.7. The purchaser undertakes not to modify, adapt, recompile or copy the software, subject to the provisions laid down in the current EC regulations regarding software copyright (Directive 91/250/CEE).
- 1.8. In the event that the purchaser infringes the provisions set out in paragraph 1.2 and paragraph 1.7, the license agreement will immediately be terminated and the user may no longer use the product. Maserati may request cancellation of the software. Maserati always reserves the right to request compensation for damages.
- 1.9. In the event of operating failures or non-conformities, MASERATI shall not be liable for any compensation for damage related to profit losses or production

MASERATI

stops or anything else, as the warranty is limited to repair or replacement of non-functioning software only.

1.10. The license agreement is governed by the Italian law.

1.11. Any dispute arising in connection with the license agreement shall be settled by the Court of Modena.

2. Activation procedure

2.1. The first time the system is started, it will be configured in the language chosen by the user and all necessary operations for first activation will be performed. The MDEVO 2 and MDVCI must be connected as described in the "MDEVO MDEVO 2 Help Manual", and the system must be connected to the Internet, as described in the Maserati Academy Training Courses. The first time the Maserati Diagnosi EVO 2 software is started, the application will open a window where the user must enter the data required for activation. The request will be sent to the department where data conformity will be checked and the software activated

2.2. The applicant will receive an email with the code to enter for activation and this circular letter with attachments

2.3. By entering the code and so activating the system, the user explicitly accepts all terms and conditions provided for in this document.

3. Technical support

3.1. Technical support request procedures

The service will be provided by ACTIA ITALIA S.r.l as outlined below:

- by telephone: the following toll phone numbers are available (with answering service) for providing assistance in the following languages:
 - EMEA (+39) 02 93271598 (Italian, English, Spanish, French, German)
 - APAC (+39) 02 93271580 (Chinese, Japanese, Korean, English)
 - NAFTA/LATAM (+1) 2134087136 (English, Spanish)
- by e-mail: maserati.support@actiaitalia.com

The Service is active during opening times and days detailed below:

	EMEA Call Center	APAC Extensions	NAFTA Extensions
Opening Time	08:00-18:00 CET/CEST	07:00-12:00 CET/CEST	7:00-16:00 EST
Opening Days	Monday to Friday Italian working calendar	Monday to Friday Italian working calendar	Monday to Friday USA working calendar
Languages	Italian, English, French, Spanish, German	English, Chinese, Japanese, Korean	English, Spanish

The user may choose any of the above methods, as desired the help desk staff who answers the call is in a position to support the user already during this first contact. The staff in charge of this service will identify the type of fault found and will correct the system functionality according to the procedures described in the following points 3.2 and 3.3.

Full and extensive assistance is provided as to:

- Procedure for system registration
- MASERATI DIAGNOSI and MASERATI DIAGNOSI EVO / EVO 2 diagnostic software installed on the MDEVO / MDEVO 2 PC, for its first configuration, following updates and for any functionality correction after identifying the problem/fault reported by the user.
- Picoscope Software
- VCI Manager
- Operating systems (Win10, Win8.1 and WinXP), in relation to its use, maintenance, update and any functionality correction after identifying the problem/fault reported by the user. Use of the operating system means the use of those operating system features which directly interact with the diagnostic system understood as vehicle diagnostics/programming system.
- Panasonic Tools. This is all software supplied by Panasonic and included in the system, other than the diagnostic software.
- Security package included in the MASERATI DIAGNOSI System.
- System hardware

3.2. Software recovery procedures

In the event of a software fault, the skilled staff will guide the user to solve the problem and recover functionality. If third parties' software that is not covered by warranty nor approved by MASERATI S.p.A. is installed, system recovery cannot be ensured; MASERATI S.p.A. may not be held responsible for any system usage that does not comply with the instructions given in the user's manuals provided. The help desk staff will in any case try to recover the system, subject to the user's authorisation, by resetting it to the initial conditions (all data stored will be lost). We therefore recommend that you save your personal data elsewhere.

Maserati S.p.A. reserves the right to request compensation from the user in the case of recovery costs incurred due to improper use, as provided for by the warranty conditions set out in Attachment B.

MASERATI

3.3. Hardware recovery procedures

In the event of a hardware fault, our skilled staff will activate the replacement procedure for the defective component. Within 48 hours from the request to the help desk, the user will receive a replacement part (it must not be necessarily a new part, but may also be a verified component in perfect working condition), which will become his property. Upon delivery, the user shall agree with the express courier entrusted how to return the defective component **by and not later than 5 days** after receiving the replacement part. **If the component is not returned within the term provided, the replacement part shall be invoiced as per price list under validity.**

The defective component will be examined and the repair procedure performed free of charge if the warranty conditions set out under Attachment B apply.

If the defect is found to be due to improper use or falls in the exclusions provided for in the warranty conditions, the costs incurred for the repair shall be charged to the user.

Customs' and transport costs pertaining to the assistance service are included in the yearly fee. Due to the complex international relations among the different countries, where necessary, the user will have to temporarily bear the customs' costs for importing the replacement part. For returning the defective component, the user shall follow a procedure that will be advised by the help desk in the returning request.

The costs incurred shall be refunded with a credit note.

4. Internet access configuration

To ensure proper functioning of the Maserati Diagnosi system, this must be connected to the Internet (please refer to the MOS for minimum connectivity requirements) with the following settings:

- HTTP/HTTPS protocol, 80/443 ports
- access to the above mentioned protocol is aimed at ensuring connection to the following services:
 - Maserati.com [<http://www.maserati.com>]
 - ModisCS [<https://modiscs.maserati.it>]
 - Windows Update
 - SEP Antivirus
 - <https://msr-rss.eltrac.it>
 - <https://esu.eltrac.it>
 - <https://maseratidiagnosi.maserati.com>
 - <https://d3pcjpmlh984tu.cloudfront.net>
 - <http://idn.tweddle.com>
 - <https://maserati.tweddletech.net>
 - <https://fed02.fcagroup.com/adfs/services/trust/13/usernamemixed>
 - <https://prod-cybersecurity-diagnosi.maserati.com>

By entering the code and so activating the tool, the user declares to be aware that Maserati Diagnosi system, during the use, exchanges the vehicle's data and the related diagnostic job done on it with the Maserati/Iveco servers.
